

How to attend a webcast or watch previous webcasts.

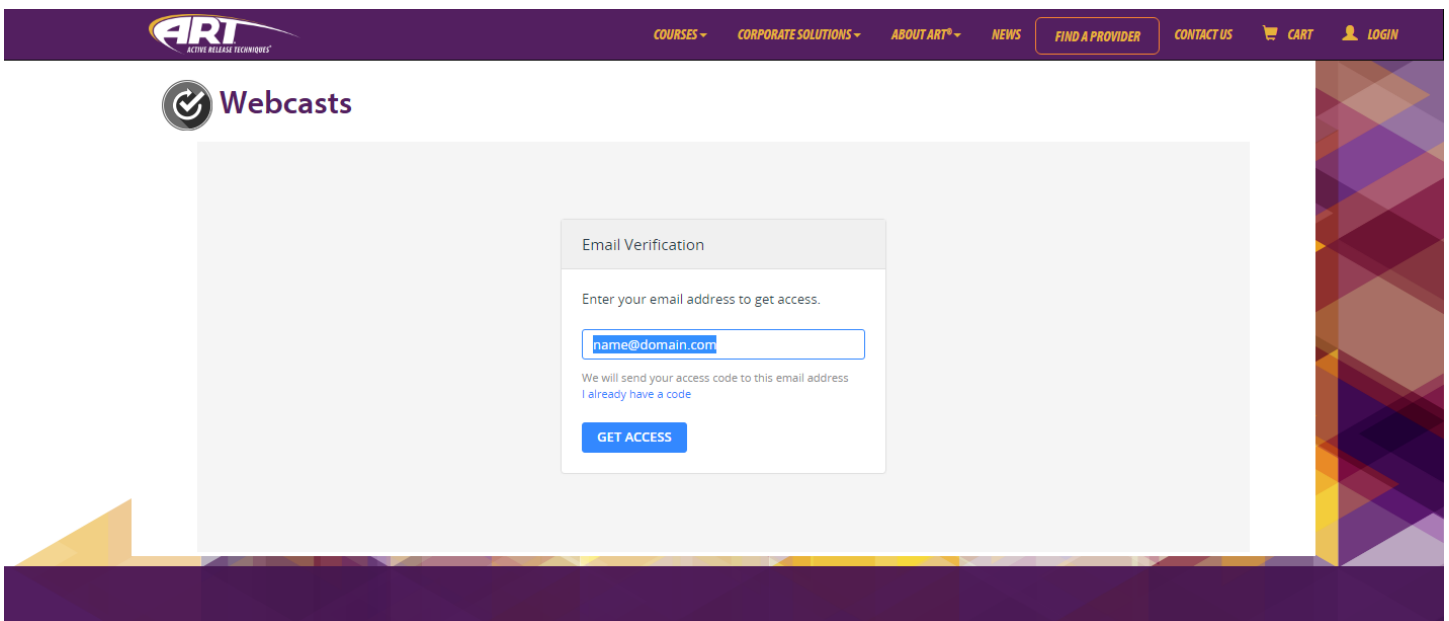

You will need to have a browser that supports Flash and an internet connection with reasonable download speed sufficient to stream video such as those found on YouTube.com.

Navigate to <http://activerelease.com/webcast-live-vod.asp>

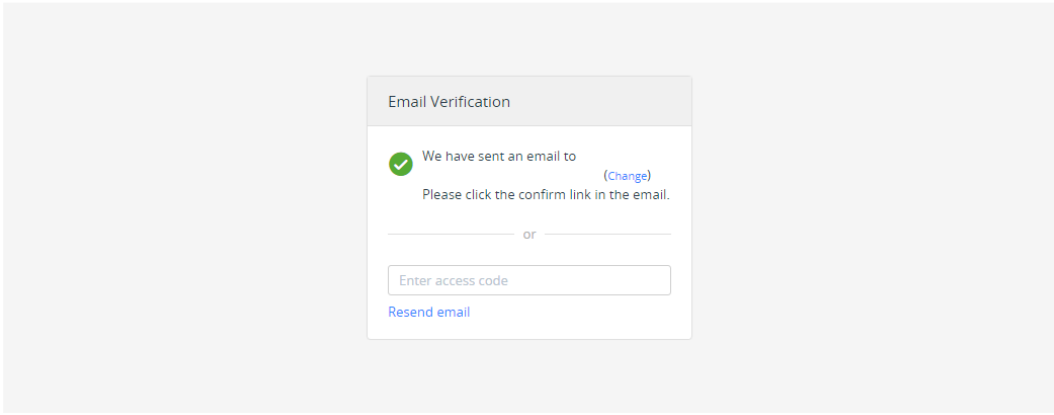

The screenshot shows the top navigation bar of the ART website with the logo and menu items: COURSES, CORPORATE SOLUTIONS, ABOUT ART, NEWS, FIND A PROVIDER, CONTACT US, CART, and LOGIN. Below the navigation bar is the 'Webcasts' section header. The main content area features a large, light gray rectangular box containing an 'Email Verification' form. The form has the following elements: a title 'Email Verification', a prompt 'Enter your email address to get access.', an empty text input field labeled 'Email address', a line of text stating 'We will send your access code to this email address' with a link 'I already have a code', and a blue 'GET ACCESS' button.

Enter the email address that you use for activerelease.com.

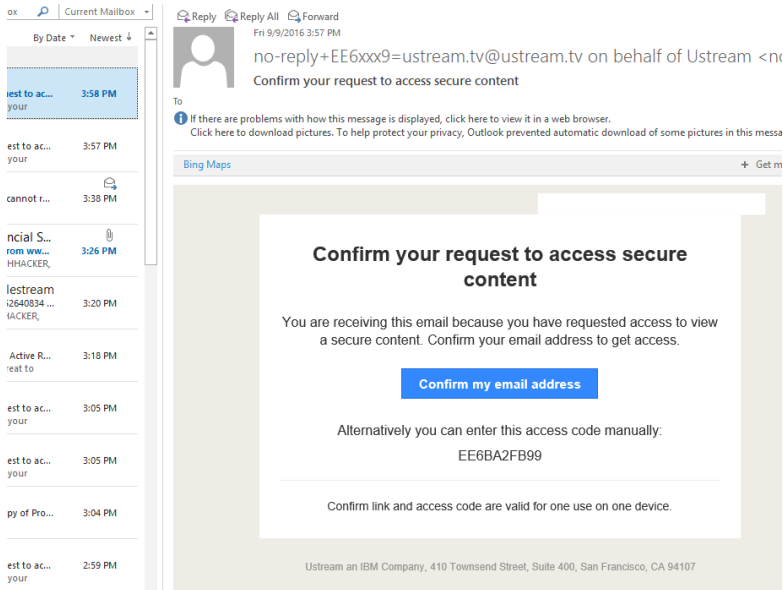

This screenshot is identical to the one above, but the 'Email address' input field now contains the text 'name@domain.com'. The rest of the page layout, including the navigation bar and the 'Webcasts' header, remains the same.

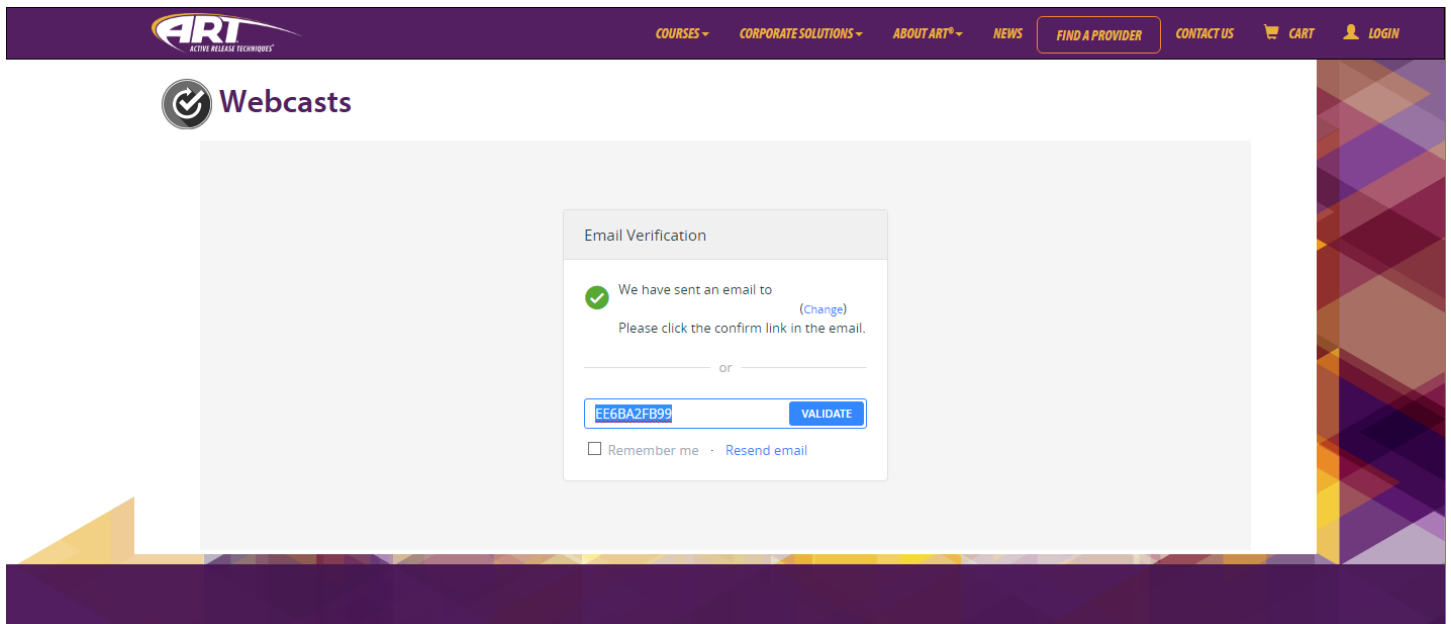

Webcasts

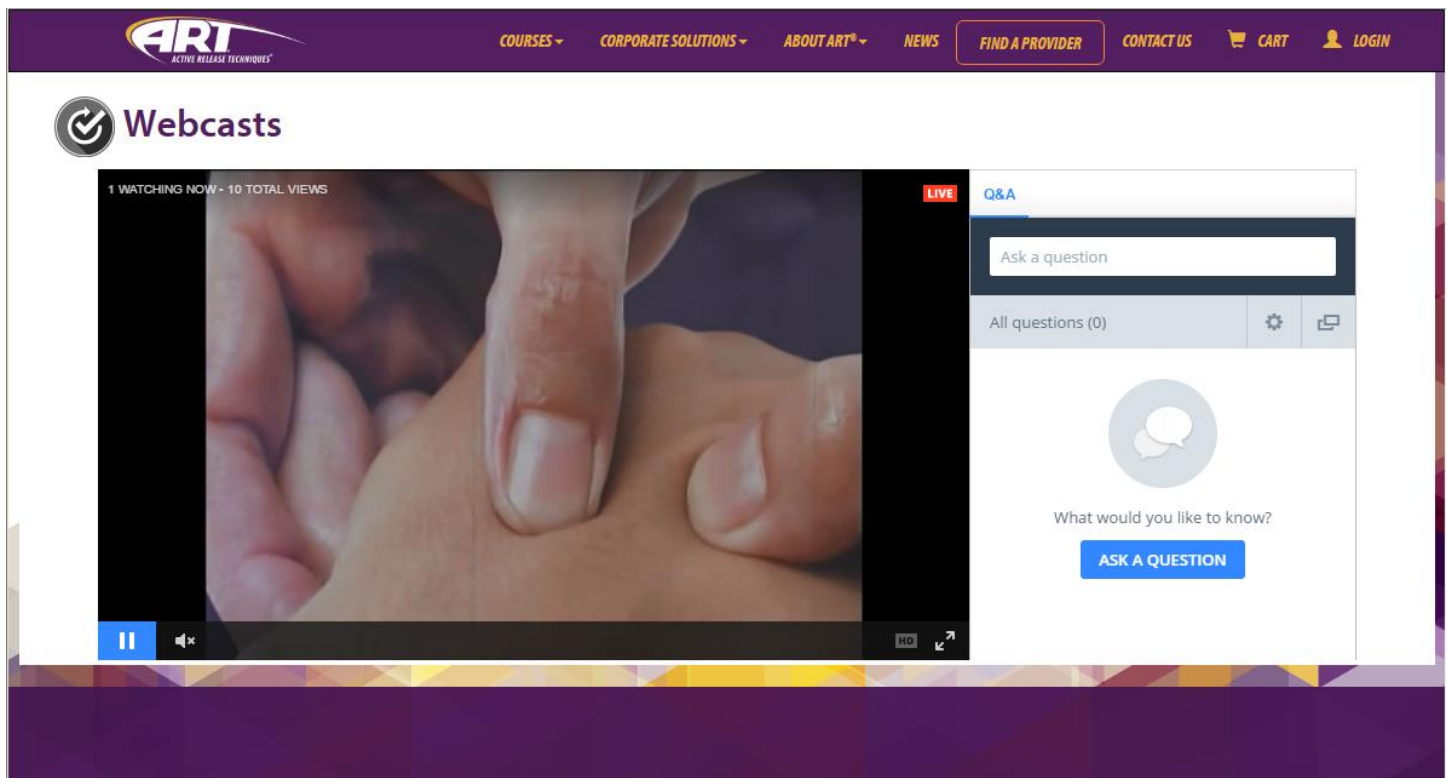

Check for an email from Ustream.

Either click on “Confirm my email address” or copy the access code.

Watch the webcasts.

Or you may navigate directly to Active Release Techniques Webcasts on Ustream Channel URL:

<https://align.ustream.tv/channel/22734931> and connect using the email you used to register for the course there.

If you are denied access or are having trouble connecting to the broadcast, please call us at (888) 396 2727 (toll free) to confirm the email address you are using.
