

CERTIFICATION AND SEMINAR OVERVIEW

ART seminars offer a mix of online learning and face-to-face training. When you sign up, you'll get access to our learning management system, the ARTMan™ app, and a paper manual (*paper manuals are free for new certifications, recertifications can order a paper manual for an additional fee*). We keep our student-to-instructor ratios low, ensuring you get plenty of one-on-one attention and feedback.

At the seminar, you'll team up with instructors and fellow attendees to practice palpation and treatment techniques. It's all about hands-on learning and honing those skills in a supportive environment.

We recommend registering for seminars 4-6 weeks in advance to really soak up the online stuff and ace the pre-credentialing exam.

New Certification:

Every time you acquire a new certification (UE1, LE1, SP1, Nerve, etc.), you pay the full New Certification Price. However, **when you recertify, there is a discounted cost.**
